The Owl 1947

GEORGE SMITH

SEPT

6 The *Owl* salespeople got the jump on the student body with a meeting to receive instructions on selling yearbooks.

9 The faculty, not far behind, made first plans for the school year and met Mr. Fagg, our new principal.

10 An old story retold, the upperclassmen enrolled. Seniors in the morning and Juniors in the afternoon.

11 The underclassmen followed suit. Freshmen were looking a little dazed and bewildered, but happy about the whole thing.

12 This must have been our bad day —classes began *and* the B Team fell before Mt. Vernon with a score of 31-0.

13 Our first assembly and pep rally. The football team was introduced in the assembly and defeated Kilgore, 26-13.

16 "Skipper" Horn spoke to us in chapel. We won't soon forget his lesson on the big pine tree and the little spruce.

20 The boys fought a good fight but were defeated by Waxahachie, 14-7. Our band led us in the first parade of the year.

23 Cody Greer was named President of German II, and Charlcy Evans was elected to head German I.

24 The Hi-Y chose Mr. Lively, Mr. Moss, and Dr. Reavis sponsors, fine men to lead them in their activities in '47.

27 The Wildcats got back on the right side of the score by mowing down Longview's Lobos, 13-0.

30 Jack Ashmore and Miss Oliver were elected to head the Senior class. A good choice, as usual, Seniors.

OCT

1 Jimmy Hetherly and Miss Adams were chosen to lead the Juniors. Tee'N Town was reopened, to the joy of the student body.

2 Sophomores elected Billy Martin and Mr. Witcher president and sponsor. The Latin Club elected Frank Jackson senior consul.

3 The Freshmen chose Jack Reece for their president. We all enjoyed Mr. Weger's singsong in assembly.

4 After traveling all the way to Amarillo, the Wildcats were tripped by the powerful Sandies. The score was 20-0.

5 Paddles and shine rags made the Hi-Y initiation dance an event certain Junior boys will long remember.

8 With tousled heads and untidy dress, the Tri-Hi-Y's Junior members gave the boys an idea of what girls really look like.

9 Mr. Lively, with his paddle and the help of Burton, Joe, and Reddell, assisted Mr. Alford in launching the Community Chest Drive.

11 At the *Owl* Ge Acquainted F we met the '47 staff, we got a glimpse beauty in the form the *Owl* Sweethea Nominees.

15 The Spanish Club elected Mary Emerson to fill the office of "El Presidente." The Biology Club chose Ann Epperson president.

16 The staff and assistants really enjoyed the enchilada supper given them by the *Owl* for the successful advertising campaign.

22 Our newest club, the F.H.A., chose Peggy Berry to lead it in its first year. Good choice, Future Homemakers.

30 Maybe we a should try thi The Foods II class g in good with the fa by giving a tea i honor.

NOV

Good work, boys. Our Wildcats were victorious in their battle with Bonham. The score was 33-0.

2 The Tri-Hi-Y's barn dance, with Patsy Boroughs and Carolyn Cross starring in a saloon scene, was a huge success.

8 We met the P.H.S. vets in the Armistice assembly. Tough luck, Wildcats — Sherman won, 13-0.

9 The girls got their chance at the Sadie Hawkins dance. Congratulations to Patsy and Rueselle, our Daisy Mae and Li'l Abner.

13 Our teachers proved they know something too! This revelation came during the National Book Week assembly.

14 The cheer leaders and band led us in a pep rally assembly. Our B Team overthrew Greenville's by a 20-6 score.

15 We were on the big end of the score again. This time it was Gainesville 7; Wildcats 18.

18 Mr. Malloy spoke in assembly on "Sin." We started electioneering for the Christmas Queen to ride in the Jaycee-sponsored parade.

21 The Freshman class presented a Thanksgiving assembly, including a skit and musical numbers.

25 We had royalty in our midst— Elaine Pledger, Christmas Queen, attended by Duchesses Jackie Mann, Beverly Stalls, and Peggy Berry.

28 Our team rounded up the football season with a trip to Greenville and came back home the 27-0 victors.

29 The Wildcats were honored with a dinner given them by Mrs. Rayford Walker, Mrs. Leo Burton, and Mrs. J. O. Reddell.

DEC

2 Mr. Vanderpool's subject in chapel was "Man." We saw the Christmas parade, including our queen and duchesses.

3 Everyone enjoyed the Hawaiian atmosphere of the Drama Workshop Talent Show.

4 During the meeting of the Latin Club plans were made for their traditional Christmas celebration.

5 Peggy Berry was introduced as Football Queen. Choral Club's talents were displayed for the first time.

6 At the regular meeting of the Spanish Club talks were made by the members on Mexico and Mexican customs.

7 A tacky party was given by the Sophomore class in the gym; most people attended in jeans and plaid shirts.

10 Will anyone ever forget the beautiful music of Rubinoff and his violin in assembly? Or his request that no pictures be made?

12 Billy Hub Hill's orchestra was enthusiastically received in assembly. Drama Workshop planned a wiener roast.

18 Annual Latin Club Christmas party. Drama Workshop wiener roast. The basketball squad played the Boys' Club and came out loser, 44-38.

19 The scene was a sing-song, the favorite song was "The Old Lamplighter"; we all enjoyed singing in assembly.

26 Beverly Stalls was presented as Hi-Y Sweetheart at the Hi-Y banquet.

27 The Tri-Hi-Y girls have a Hero, Rayford Walker, whom they presented at the Tri-Hi-Y banquet.

A Psalm of Life

Tell me not, in mournful numbers,
"Life is but an empty dream!"
For the soul is dead that slumbers,
And things are not what they seem.

Life is real! Life is earnest!
And the grave is not its goal;
"Dust thou art, to dust returnest,"
Was not spoken of the soul.

Not enjoyment, and not sorrow,
Is our destined end or way;
But to act, that each tomorrow
Finds us farther than today.

Art is long, and Time is fleeting,
And our hearts, though stout and brave,
Still, like muffled drums, are beating
Funeral marches to the grave.

In the world's broad field of battle,
In the bivouac of Life,
Be not like dumb, driven cattle!
Be a hero in the strife!

Trust no Future, howe'er pleasant!
Let the dead Past bury its dead!
Act,—act in the living Present!
Heart within, and God o'erhead!

Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us,
Footprints on the sands of time;

Footprints, that perhaps another,
Sailing o'er life's solemn main,
A forlorn and shipwrecked brother,
Seeing, shall take heart again.

Let us, then, be up and doing,
With a heart for any fate;
Still achieving, still pursuing,
Learn to labor and to wait.

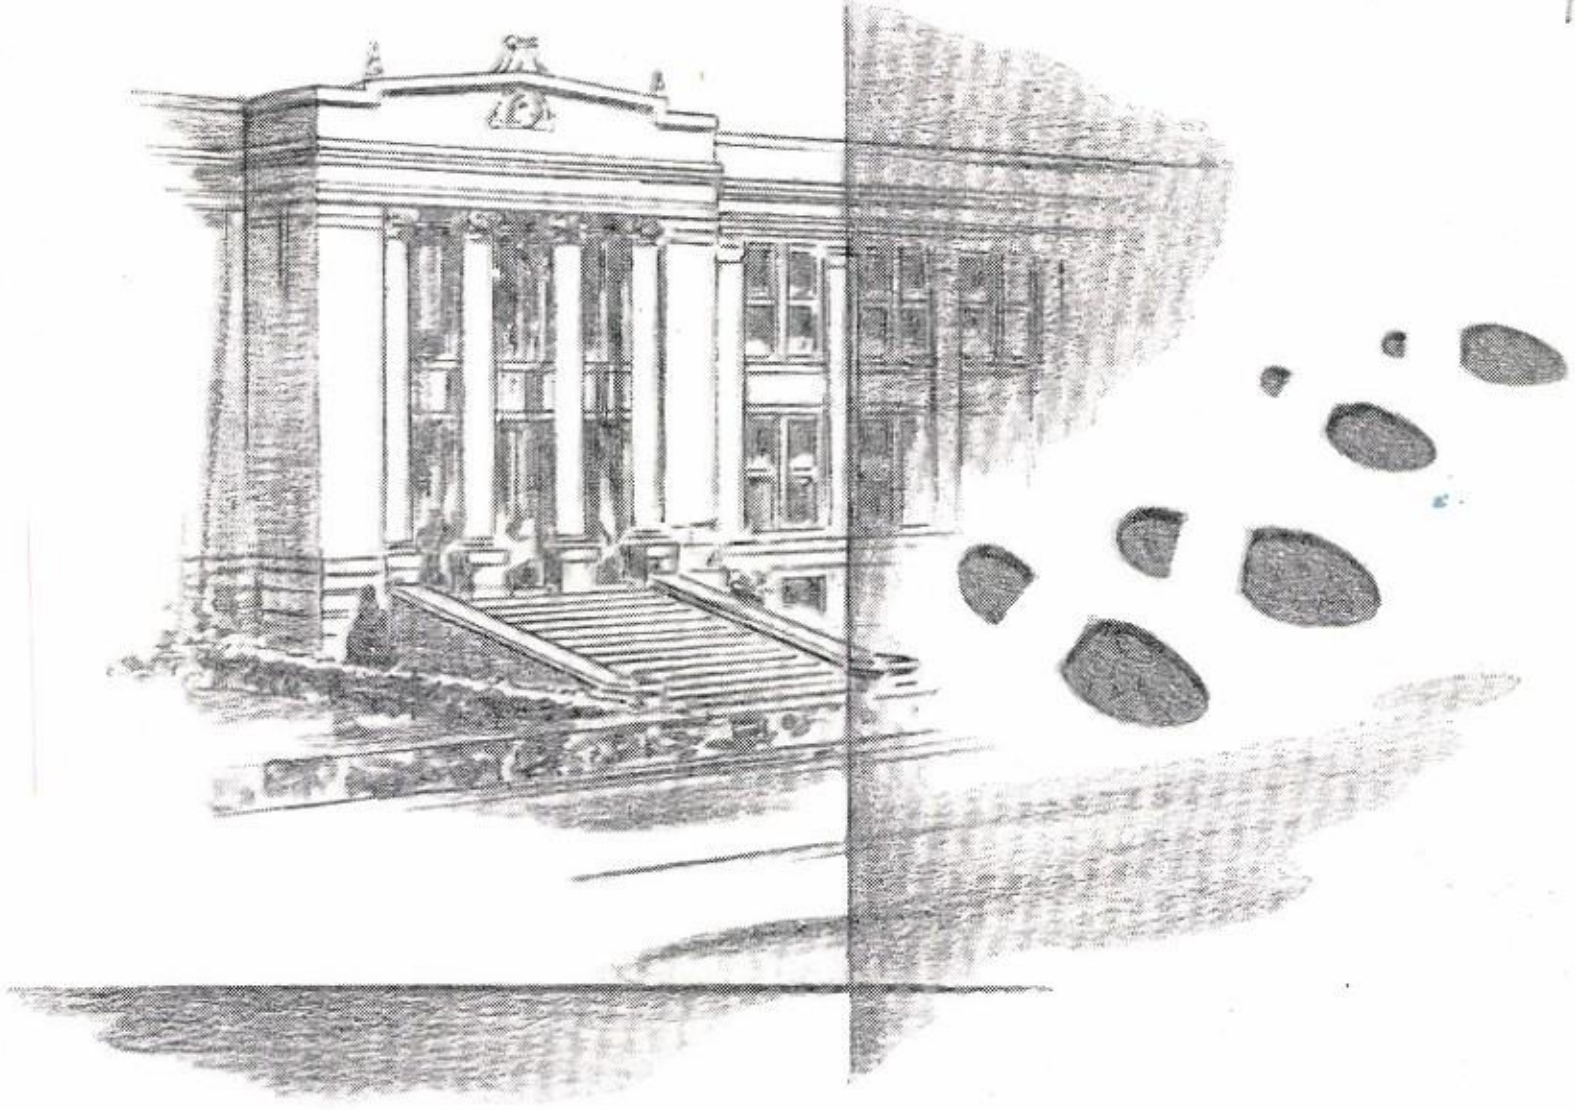
The 1947 OWL

PARIS HIGH SCHOOL

Thirty-Fourth Edition

PARIS, TEXAS



This Word Before You Go On . . .

IN PLANNING this book, we looked for something that could be used as a symbol, a symbol of all the things that made the school year 1946-47 a big event—your memories, in other words. Naturally, we couldn't draw a picture of a memory, so we decided on a footprint instead. The significance of the footprint, therefore, is purely symbolical.

The footprints scattered throughout the book may also represent impressions, the impressions we in Paris High School, particularly the graduating class, leave with our town, our teachers, our school.

The real theme of *The 1947 Owl* is told in these four lines, taken from Longfellow's "A Psalm of Life":

"Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us
Footprints on the sands of time;"

The departure referred to, in our case, is the departure of the Seniors from Paris High. The footprints are simply memories, impressions, and hopes, in keeping with the message of the entire poem. We refuse to constantly look backward; we choose, rather, to look forward to a bright future of high promise!

These, then, are the reasons for the prominence of the footprints so generously sprinkled through the pages of this annual. While serving to tie the divisions of the book into a whole, they also serve as reminders of everything that this past year has been and everything that the future can be.

Our Brightest Memory

MR. THOMAS S. JUSTISS

MR. JUSTISS' words speak to our reason; his smile speaks to our hearts.We love and honor him for the sympathy he displays in our affairs, and we admire the dignity and charm which are so much a part of him. The impressions he leaves are good and lasting. There is no more popular person in our midst, and there is no one more worthy of this recognition. To Mr. Thomas S. Justiss, our Superintendent, we sincerely dedicate this, *The 1947 Owl.*

School Board Officers

President . . . . . MR. J. B. HARVILL
First Vice-President . . MR. O. W. BOSWELL
Second Vice-President . . MR. GILBERT CECIL
Secretary . . . . . MR. D. C. HOLLAND

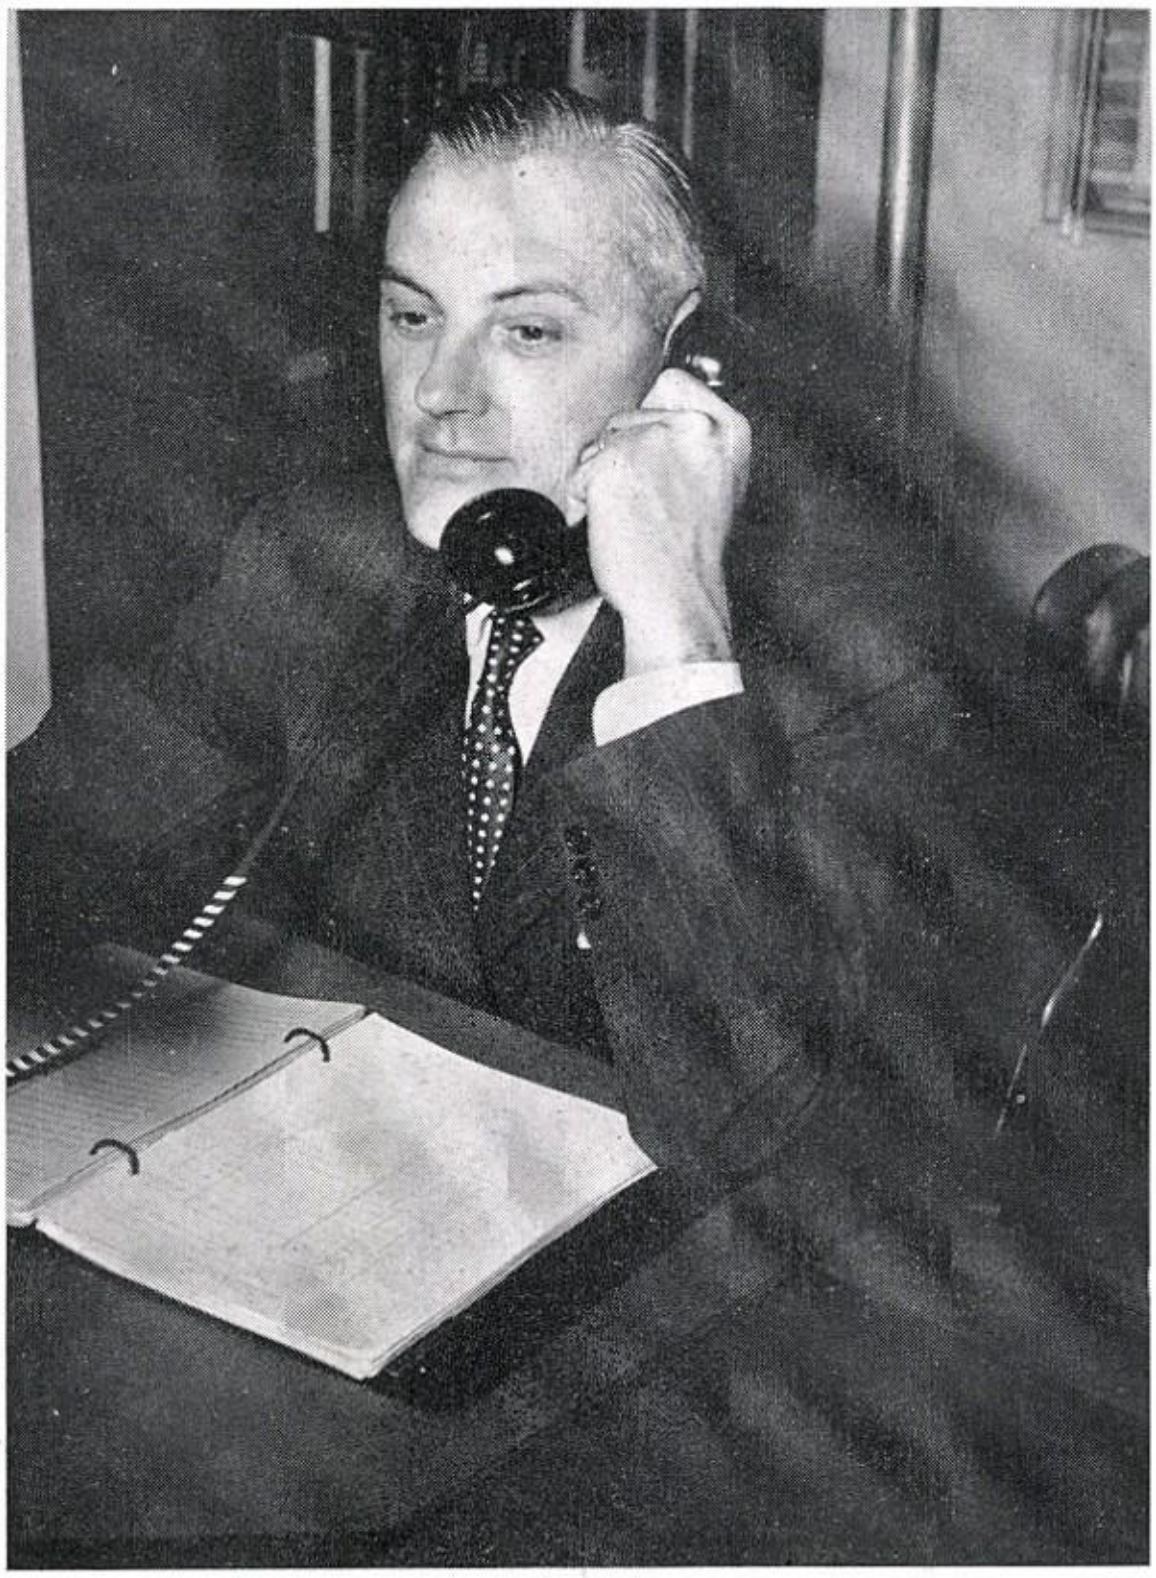
THIS GROUP, elected by the voters of the Paris Independent School District, was chosen because each member was considered capable of overseeing the management of the Paris schools. In no instance have they fallen short of the faith placed in them. They see to it that efficient teachers are employed, and they are the judges of the amount of money to be spent in each school. For their services they receive no monetary reward, but the board of education has the good will of the student body of Paris High and the citizens of Paris.

MR. J. B. HARVILL
President

Members of The School Board

Left to right: Mr. O. W. Boswell, Mr. Gilbert Cecil, Mrs. W. H. Lightfoot, Mr. J. B. Harvill, Mr. D. C. Holland, Mr. George Waterman, Mr. Hardy Moore.

Our Inspiration



MR. THOMAS S. JUSTISS
Superintendent

MR. JUSTISS' new position as Superintendent of the Paris Public Schools has not caused him to feel less interest in Paris High School. This past year has seen him on the sidelines everywhere the Wildcats played, at many school parties, and willing to advise or sympathize with any student who came seeking him. He was never too busy to listen and answer. His ability and fitness for the office he now holds are without limit.

We miss him as our principal, but we are proud of his promotion. We wish him success in everything he undertakes.

MISS BETTY CROSS, B.A.

Secretary to Superintendent

Our Guiding Star

MR. ROBY FAGG is a comparatively new personality in our midst. When he made his first appearance, he was greeted with apprehension and a "Let's wait and see" attitude. Since then he has been warmly accepted by the student body and the citizens of Paris. We have found him to be one of the most thoroughly likable persons we've known. His sense of humor crops up in assemblies, faculty meetings, and in his office, but his ideas are always sound and practicable. He envisions great things for Paris High, and he is a man who carries through what he plans. For this reason, *progress forward* is predicted for Paris High School.

EACH MONTH the faculty of Paris High School chooses a Senior boy to be Junior Rotarian. To be considered eligible the boys must be outstanding members of the graduating class, courteous, dependable, and must maintain a good scholastic standing.

The object of the Junior Rotarian idea is to give the boys an opportunity to meet the business men of Paris and to train them for future citizenship. It is indeed commendable to be considered worthy of this honor.

Did You Know That...

THERE ARE FIFTY-ONE AND ONE-HALF affiliated credits offered in P.H.S. in the 148 classes taught daily? (We have variety if nothing else.) We are very language-minded people, what with four years of English required and electives including four years of Latin and two years of German, French, or Spanish. (That way we learn to discourage salesmen in four different languages.)

Required subjects which compose our math department are general math, algebra, and plane geometry or senior algebra. A half-year of trigonometry and a half-year of solid geometry are the students' electives.

For those interested in secretarial work, a varied course is offered, including typing, shorthand, junior business training, and bookkeeping.

Two years of social science are required, American history and one elective, either Texas history, world history, civics, or economics.

In the industrial arts department are included mechanical drawing and manual training.
In our science department are general science, biology, chemistry, and physics.

Featured in our music department are the band and choral club, two of the most popular courses offered.

If on most any day of the week you hear screams and look toward the gym to see little children (Sophs and Freshmen) running around in bloomers, that's a phys. ed. class. They sometimes are overcome by the excitement of the volley ball games.

We also have an efficient speech department, which sponsors several entries in the interscholastic events.

Continued this year is a course in Bible.

In the foods and clothing classes the future homemakers are given the best training possible along that line, while in the vocational agriculture classes the boys study the various phases of modern farming.

Thus you see the numerous subjects studied by the students of P.H.S.; but in spite of classes we have a pretty good time. One reason could be the fourteen well-organized and active clubs featured in our school life. These, plus the competition met in interscholastic events such as track, tennis, debate, typing, shorthand, and declamation, add incentive and sparkle to our curriculum.

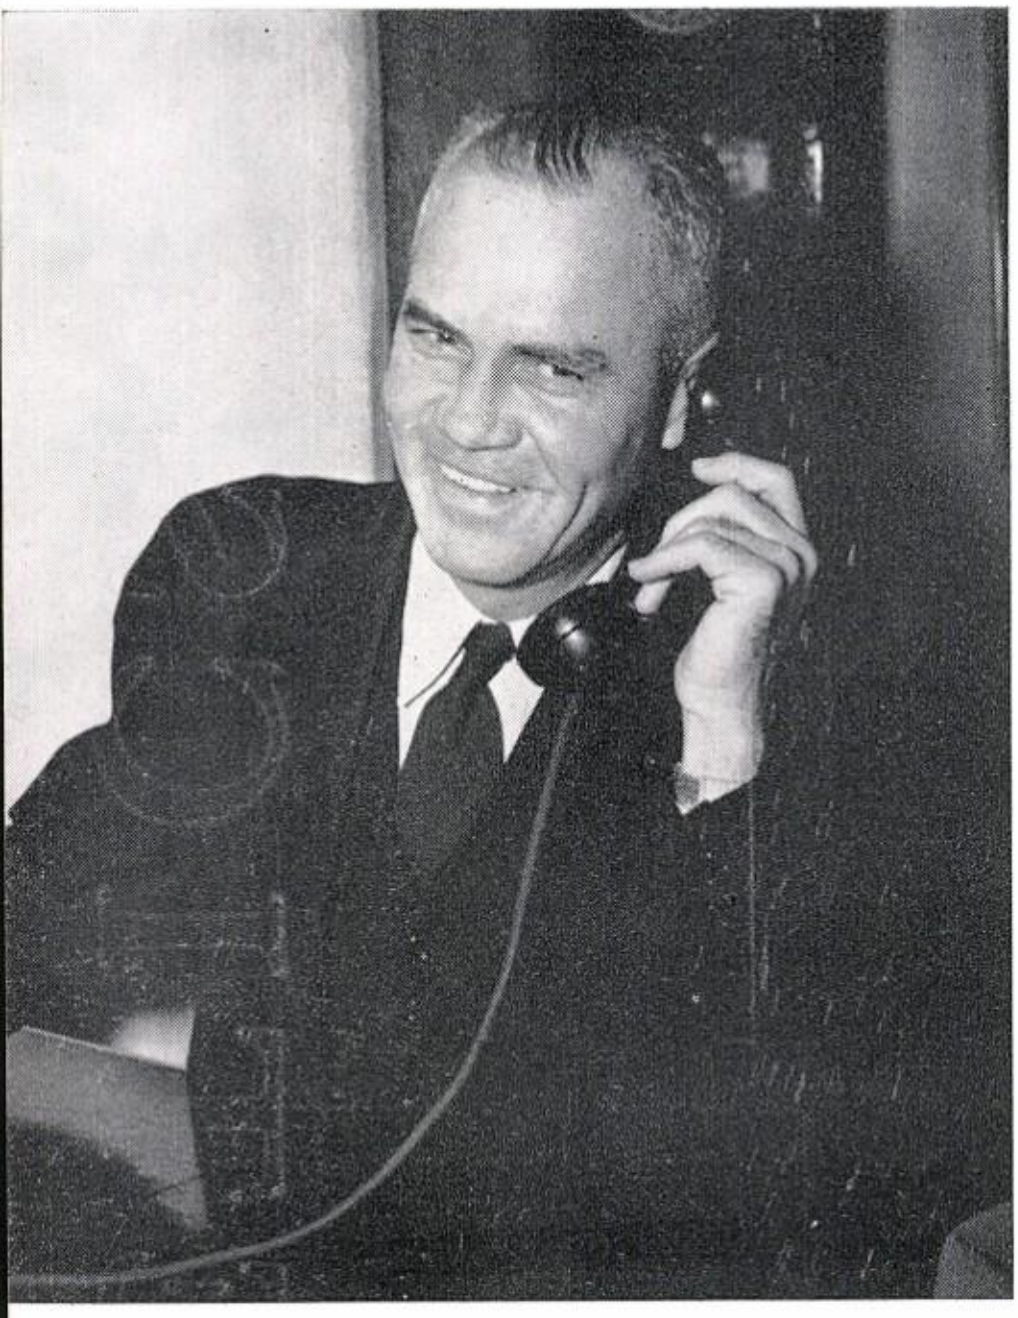
Leaders



MR. RAYMOND BERRY
Head Coach

LOTS WAS said this year about the 12th man, the students, but little about the 13th, the coaches. Our coaching staff, led by Mr. Raymond Berry, head coach, proved to be one of the most efficient in the State. Helping to carry the load that rested on "Coach's" shoulders were Mr. Paul Lively, line coach and scout, and Mr. Peter Barnett, assistant football coach and basketball coach. These three, the strategists of the fast-stepping '46 Cats, hold our respect, admiration, and sincere gratitude.

The task of preparing the younger boys for their future positions falls to Mr. Earl Witcher, Mr. Felix "Hoot" Gibson, and Mr. Thomas Echols. The result of their work will be seen in future Wildcat elevens, for the fundamentals that the boys learn while under their supervision are the things that pull the Wildcats through the tough spots.

of '46 Wildcats

PARIS HIGH has a varied athletic program touching everything from football to setting-up exercises. By far the most important sport, not only in Paris but the entire Southwest, is football. Until 1938, P. H. S. grid teams were slaughtered, but since the arrival of Mr. Berry, the Cats have won three district championships and one bi-district title.

Basketball has never aroused excessive enthusiasm within the student body of Paris High, but each year shows added interest in our cage performers.

For the ninth consecutive year our "netters" will be the defending District 11AA champs at the April meet to be held at Paris Junior College.

The softball league, an intramural affair, offers some of the most exciting competition of the year because more boys take part; therefore, more can happen.

At the District 11AA track meet which is held also at Paris Junior College, the Cats always make a good showing.

TRACK

Final results come too late to be recorded here, but it should be mentioned that Reddell, Fagan, Abshire, and Stevenson advanced as far as the State Meet last year, and we certainly expect the entire group to do as well this year. Meets scheduled are District, Regional, and State.

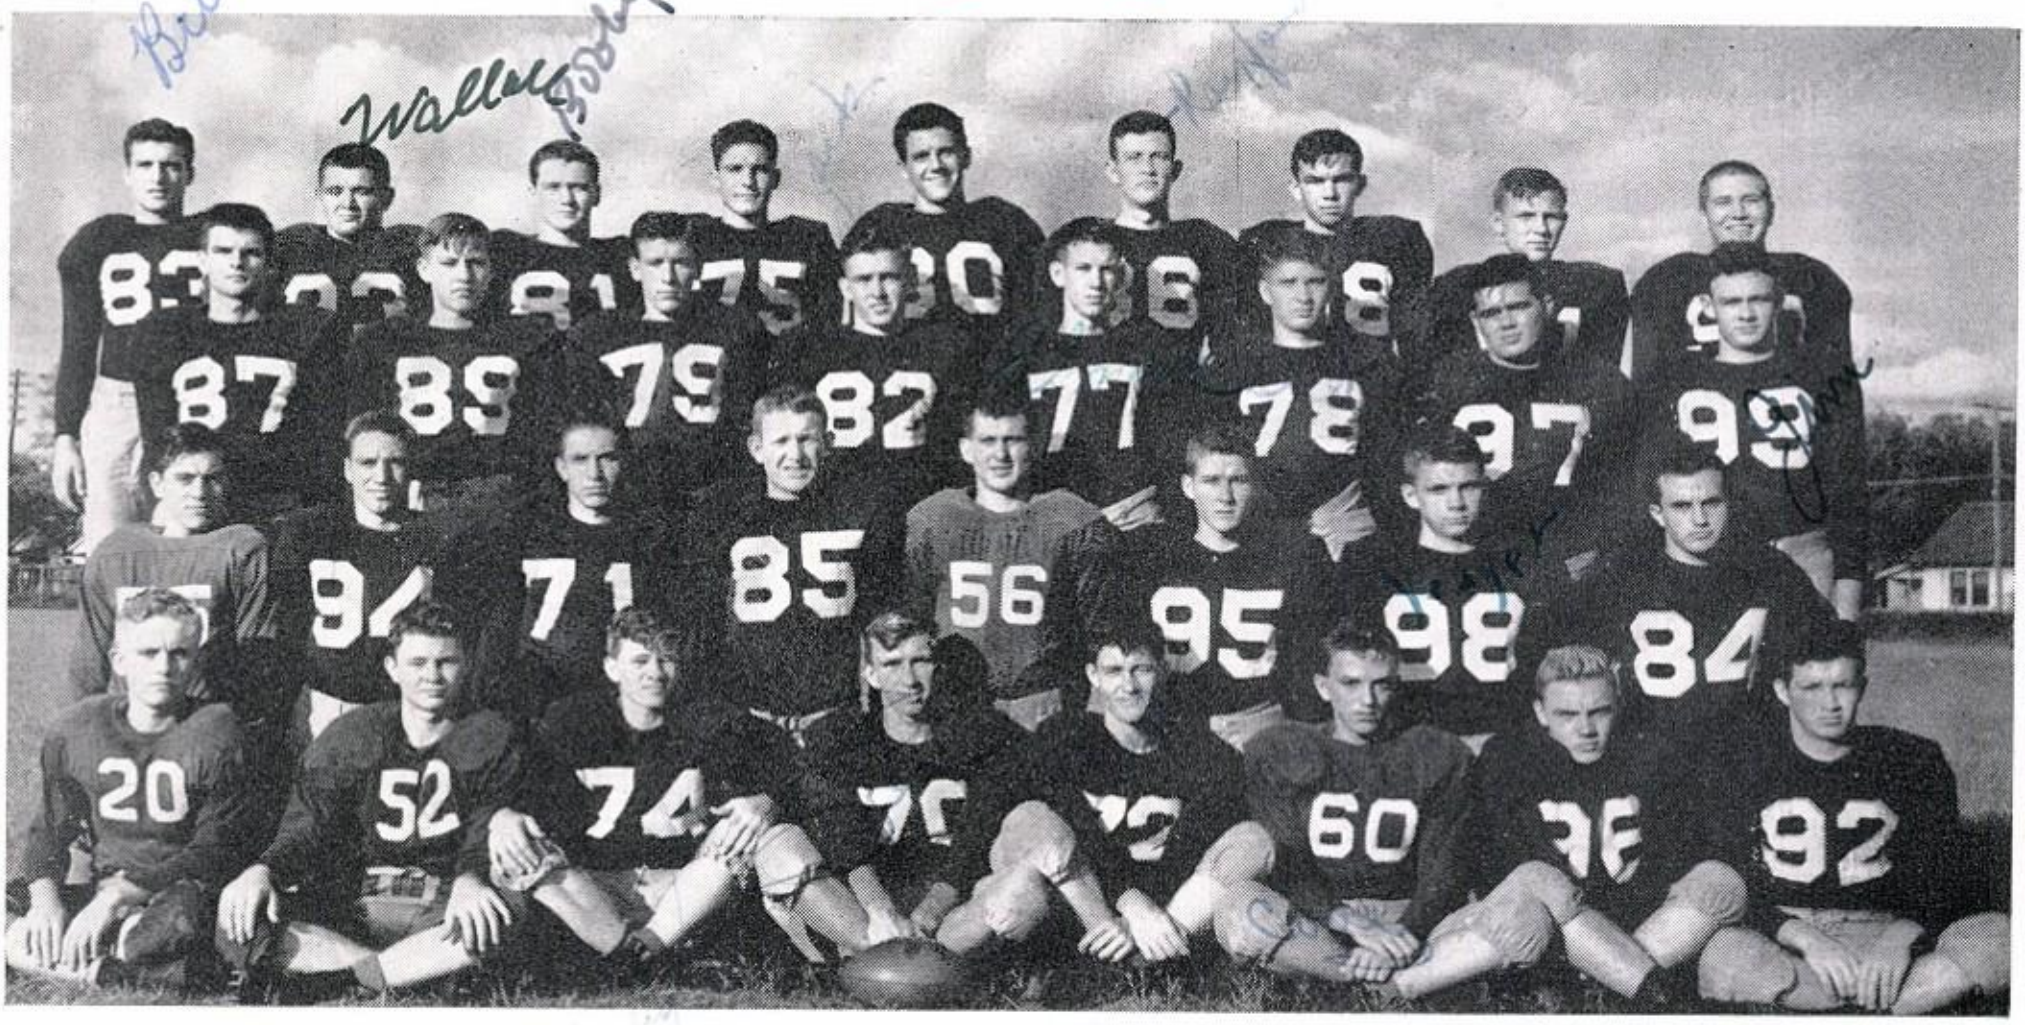
TENNIS

Norma Lawrence, Frances Cook, and Billy House are the returning lettermen, and with these, plus the other tennis hopefuls, prospects look bright for the Paris High tennis teams. District, Regional, and State Meets will be held, but the results of these will come too late to be noted here.

SOFTBALL

Softball plays an important part in the spring athletic program of Paris High. Teams are organized among the boys, and they play a double round robin. Spencer Abbett's group came out winner last year, and we'll have to wait and see about results this season.

Their Fighting Spirit...



Front Row: (l. to r.) Hetherly, Thompson, B. Martin, Fagan, Dabbs, Greer, Jackson, Patterson

Second Row: Davenport, Moye, Carpenter, Pratt, Kammer, Bone, Yeager, Abshire

Third Row: Antoine, C. Thielman, Spencer, Bell, Ellis, Stevenson, Ingram, Atwell

Fourth Row: Reddell, Williams, Floyd, Ashmore, Matney, Walker, McLemore, C. Martin, Burton

ALTHOUGH THEY were considered a dangerous opponent, the '46 Wildcats lost the district 5AA trophy which they had hoped to help win permanently for P.H.S. The Cats, who dropped to third place, still topped their opposition's total of 1182 yards rushing with 1822, their 94 first downs with 123, and their 32-yard punting average with 35. Despite their hard luck, we are proud of the fighting spirit and the never-say-die attitude of the '46 Wildcats.

NO BRASS bands acclaim their deeds, but the B Team played an important part in every Wildcat victory. Despite a tough grid schedule of their own with the class A teams of the vicinity, these boys, running the plays of opposing teams and placing themselves up as blocking dummies, took the poundings of the "squad." No team, no matter how good, can win without practice, and these B Team boys helped give the Wildcats the needed experience.

Paris 26 Kilgore 13

FEATURING "SUPER-SPEED" in the form of Billy Reddell and Joe Fagan, the Wildcats scampered past the favored Kilgore Bulldogs, 26-13, in the curtain raiser of their 1946 season. Outstanding on the offense was W. D. Stevenson, who ran for one TD and passed to Fagan for another. The Bulldogs, scoring early in the first period, seemed confident of a victory, but Reddell's 83-yard jaunt to paydirt took the wind from their sails.

Paris 7 Waxahachie 14

FIGHTING GAMELY to the final whistle, the light, speedy Cats tripped before the heavy Waxahachie Indians, 14-7. Matching power with blazing speed, the Cats jolted and jarred the Indian line time and again. In the first quarter, a fumble having placed the Cats in scoring position, Reddell cracked the middle for six points, and Charles Burton kicked the extra point. Big Rueselle Matney, charging through fast on defense, caused the Indian backs plenty of headaches.

Paris 13 Longview 0

LEADING IN every department, the Wildcats traveled via air and ground to blank the Lobos, 13-0. Although the field was muddy and the ball slippery, the Cats held on to the ball well enough for Fagan and Reddell to cross the double stripe once each. Our forward wall worked better than it had all year, but the defensive play of Bobby Floyd and Buddy Kammer was exceptionally good.

Paris 0 Amarillo 20

PLAYING ONE of their best games of the season, the blue-clad Cats looked good even in defeat as they fell before the powerful Amarillo Sandies, 20-0. The driving, jarring force of their ground attack, which pounded the West Texas District Champs for four quarters, was led by battering Billy Reddell, who churned off 112 yards. The hard-fighting Wildcat line was paced by Charles Burton, who was responsible for the failure of many Sandy plays.

Paris 6 Denison 7

ALTHOUGH THE statistics showed that they should have won, the Cats were edged out by the Denison Yellow Jackets, 7-6. The Cats' 47-yard drive that would have won the game was halted when the Jackets covered our fumble on their one-foot line. In an amazing punting duel with Denison's Newman, Reddell, who played in his same dependable style, emerged with an average of 49 yards plus. The Cat line allowed the Jackets only six first downs as compared to nine for Paris.

Paris 20 Sulphur Springs 14

LED BY the fancy feet of Joe Fagan, the P.H.S. Wildcats repulsed the strong bid for victory made by the inspired Sulphur Springs Wildcats, 20-14. Co-Captain Jack Ashmore passed to "Little Joe" for the first tally, and Reddell battered the middle for the second. A fumble, recovered by Hugh Antoine, started the drive in which Fagan skipped 30 yards in five plays to chalk up the winning TD.

Paris 33 Bonham 0

PLAYING ON a mud-soaked field minus the services of Reddell and Floyd, the Cats massacred the Bonham Warriors, 33-0. Pondus McLemore, Donald Bell, Buddy Kammer, and Calvin Thielman all showed up well as the Cats held the Warriors in their own end of the field throughout the game. Fagan, Ashmore, and Martin "carried the mail" for the Cats as they racked up a total of 307 yards rushing and 17 first downs.

Paris 0 Sherman 13

AFTER A hard-fought first half, the Wildcats met defeat at the hands of the Sherman Bearcats, 13-0. Even in defeat the stubbornness of the Paris defense, and especially the play of Bobby Floyd, was worthy of praise. The Wildcats made two long drives that went nearly the length of the field, but each time the Cats lost their "punch" before reaching paydirt.

Paris 18 Gainesville 7

TRAILING AT first, but not for long, the Cats outfought weather and weight to chalk up an 18-7 victory over the heavy Gainesville Leopards. After the Leopards' first 74-yard march to paydirt, the Cats put up the stop sign, and with Wallace Williams and Rueselle Matney setting the style, held the visitors to a total of six yards gained during the rest of the game. Jack Ashmore, who knocked off 20 yards for our second TD, played an outstanding game.

Paris 27 Greenville 0

SCORING IN every period except the last, the Cats dropped the Greenville Lions, 27-0, to secure third place in District 5AA. Led by Rayford Walker and Pondus McLemore, the hustling P.H.S. line held the Lions to a total of 35 yards gained rushing compared to 369 yards for Paris, while the backfield tore off 23 first downs compared to Greenville's 3. Reddell led the scoring parade, and Charles Burton split the uprights three times in three tries.

The Hotshots and Super Nubs

WITH ONE step behind them on the road to varsity fame, "Hoot's" Hotshots came through the season's four scrappily fought contests winning three and tying Greenville, 7-7.

Our diminutive Super Nubs, under Mr. Echols' tutelage, mixed it up with the various grammar schools of Paris, emerging with a total of four wins, one tie, and one loss.

In future years the Freshmen and Sophomores will put to use the valuable experience gained on the Hotshot and Super Nub teams.

The Managers

"HOUSEMAID'S KNEE," a recurrent ailment with the managers, was caused by the constant scrubbing and picking up after approximately a hundred boys. Any crumbs of praise thrown their way would be justly deserved.

The innumerable trips kept all four, with the exception of Billy Bob who was unable to finish the season, going in circles. The Hotshots here, the B Team there, and all three made the A Squad trips. They lent valuable assistance as errand boys, water boys, and as the receiving end of the A Squad's excess steam.

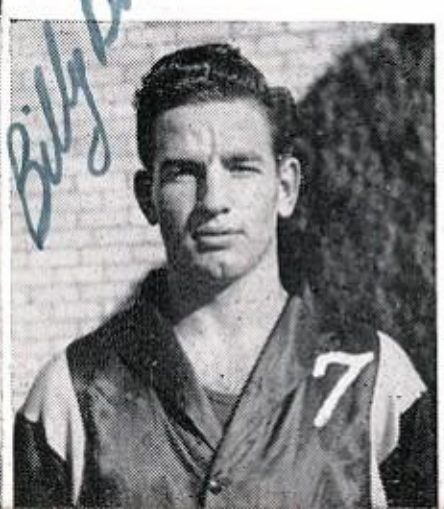
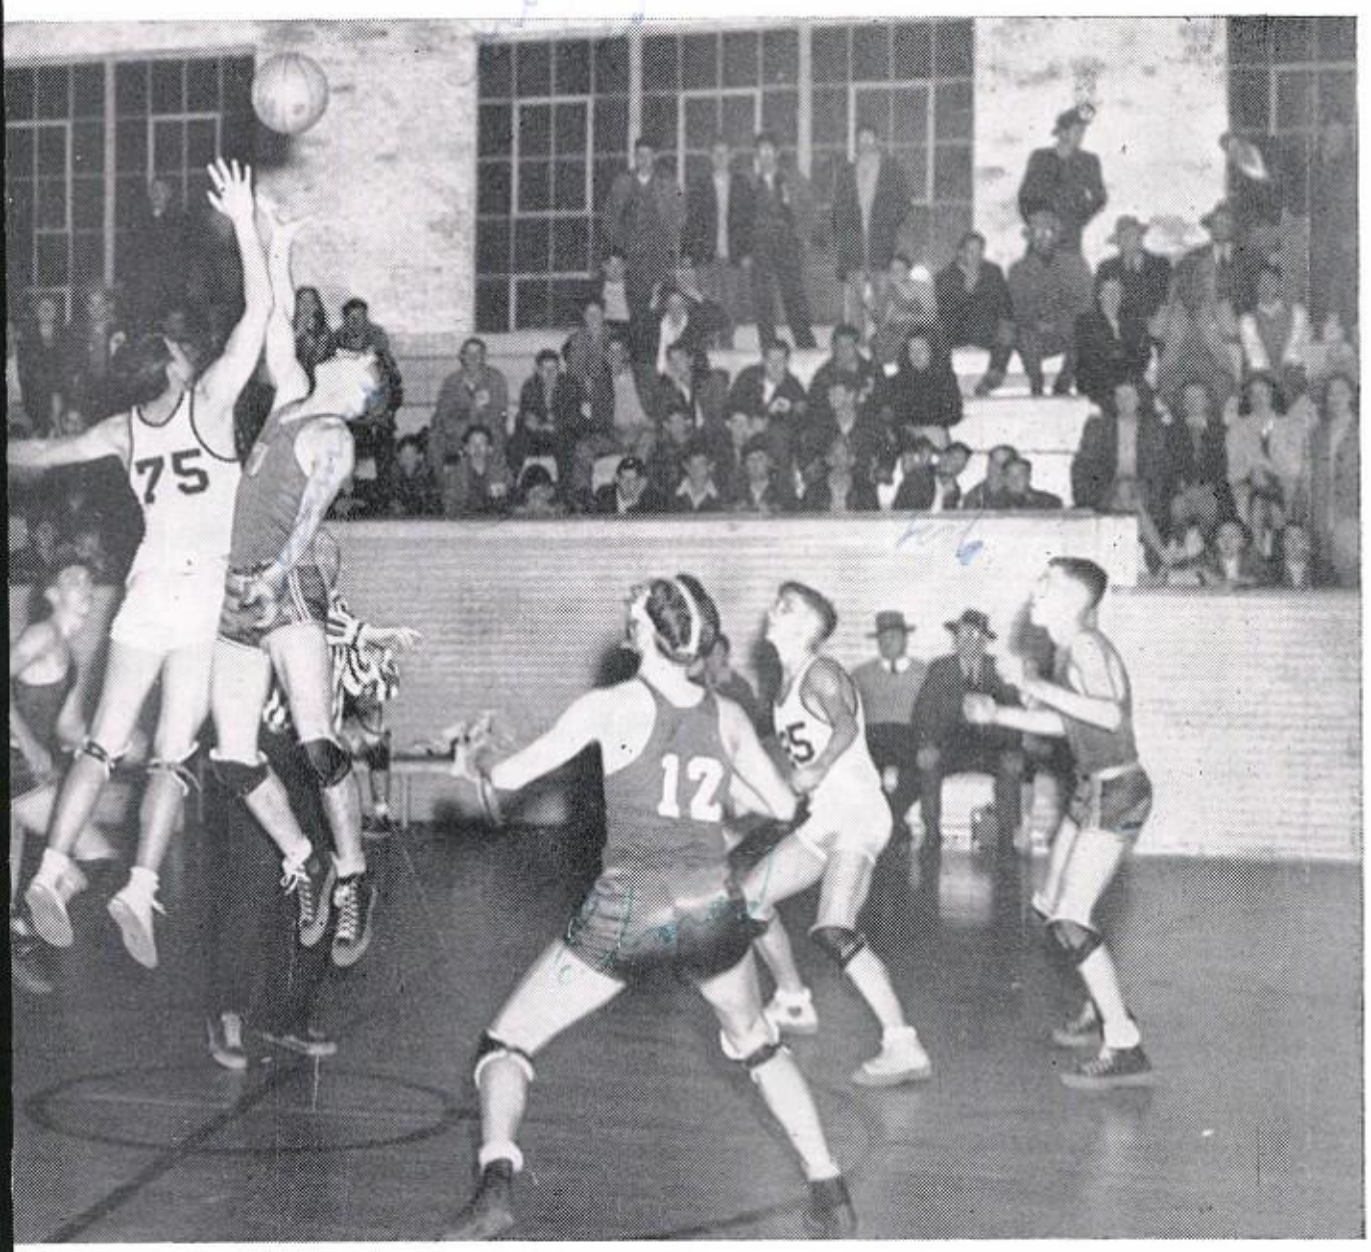
Although Jack Ashmore was the only regular back, Coach Barnett did a swell job with his traveling squad of eight. Teamwork and fine defensive playing were prime characteristics of our hard working Wildcats. All of them saw plenty of action, each being one of the starting five at one time or another. Frank Wear, the P.H.S. high point man with 62 points, ranked tenth in district scoring.

The fans will long remember that last Greenville game for the beautiful shot Reddell made from the center stripe and Rayford's fine performance against Freiberger; those two wins and the two heartbreaking points we lacked in the Gainesville game. The boys won't soon forget Burton's early retirement to the showers, Rayford's tardiness to the steaks, and W. D.'s forgetting that he was supposed to report to the scorekeeper.



Happy



Tense moments like this made the second Gainesville-Paris game the outstanding one of the season. The final score testifies to this fact—Gainesville 29; Paris 28. In the inset is Walter Bridges, manager of the basketball team.

DECEMBER THROUGH February found the Cats pounding the hardwood floor, winning two and losing thirteen. Warm-up games with Sulphur Springs ended 42-18 and 44-14 in their favor. The Boys' Club games resulted in two losses for the Cats, 44-38 and 39-28 telling the sad tale.

At Gainesville, Ellis did all right with six points, the final score being 29-24. Greenville beat us 36-26 in spite of Wear's and Moye's fine defensive playing. 39-22 was the Sherman score though Walker, high point man with eight, Ellis, and W. D. played swell games. Everybody was happy with our 28-33 win over Denison.

In the second round Gainesville pulled out in front with one point to spare, 29-28. Greenville found a good defensive team though the game ended 38-21. W. D. scored eleven points at Sherman, but the scoreboard read 47-32. Denison took the starch out of us with 34-27 and a little roughness on the side. Our final game with Bonham and second win resulted in a score of 28-33.

2. Greenville's shot is headed straight through the basket.
3. Baxter moves every step of the way with Reddell as he dribbles—the game with the Boys Club.
4. With shots like this Wear made the Denison players and fans most unhappy.
5. The Greenville coach feared flash bulbs, but we took a picture of the bench, anyway.
6. Rayford heads for the clear as Wear pulls some fancy footwork against Sherman.

OUR YEARBOOK must go to press before any Interscholastic League results are available. This year will make the eighth time we have defended the District title in tennis, and Coach Echols has in the past sent six teams to the State Meet.

In preparation for the District Meet our singles players, Norma Lawrence and Pondus McLemore, and our doubles teams, Frances Cook and Harriet Killebrew, Charles Hatcher and Billy House, played practice games with Bonham, Sherman, and Denison.

Last year our tennis teams again went to the State Meet. Johnny Amis, Ben Billingsley, and Billy House lost out in the District Meet, but Norma Lawrence and Frances Hutchings, girls doubles, went to the Regional Meet and lost to Longview. Huldah Williams, girls singles player, won first place at the Regional Meet and remained unbeaten until the quarter-finals of the State Meet.

Miss Maxine Tankursley
Editor, "THE OWL"

Paris, Texas

Dear Miss Tankursley:

It has been a great pleasure to select the beauty contest for your yearbook, "THE OWL". The photographs of the candidates, which you submitted, were all so attractive that I found it difficult to make a decision. It was also very difficult to make my selection without seeing and talking to each contestant.

The winners, Wanda Swaim, Elaine Pledger, Ann Frances Simmons, and Joan Temple, were selected on the basis of personality, character, and intelligence, as well as for natural beauty. My choice was influenced, of course, by my great interest in and admiration for the Natural Girl.

If the contestants are ever in New York, it would be a pleasure to meet them. With best wishes to the contestants, to the staff of "THE OWL", and to the students of Paris High School, I am,

Sincerely yours,

John Robert Powers

An Open Letter

To the Staff:

WE'VE SPENT approximately one-third of our waking hours together this past year, and if you have enjoyed this "close communion" just half as much as I have, I'm glad. I liked working with every one of you, and I take this means to express my appreciation. I'd like to tell each of you individually the things I particularly like to remember about you, but that would be a bit too personal. I do want you to accept my heart-felt thanks for being such cooperative people.

To you, Miss Hankins, I express my appreciation simply because you're you, and I consider myself lucky to have been under your supervision. With your experience and the staff's willingness this book could not have been other than a success.

Sincerely,

Taking time out from work, the staff attended the Texas High School Press Association convention, the first since 1942, held in Denton on the TSCW campus.

Basic Activities

WE BROKE no circulation records due to a decrease in our enrollment, but we printed 800 copies of the 1947 yearbook with 773 class pictures. These numbers represent over 90 per cent participation by our student body. Our advertising quota, $1800, was far surpassed.

Figuring, cutting, and mounting of all panels for the annual was a three months' job and saved several hundred dollars.

The typing, proofing, and reproofing of the dummy for the printer was a tedious task and required many hours of labor.

Photography is student work with the exception of formal class pictures. All art work is student work with the exception of the fluorescent drawings.

The 1947 Owl maintained its membership in CSPA, NSPA, and THSPA.

ACTIVE IS the word for the Latin Club! The enthusiasm of the members is not confined to the monthly meetings alone, however; they work constantly to better their standing in the state federation of Latin departments, the Junior Classical League, of which the Paris High Latin Club is a part.

The *Hodie et Heri,* the six-year-old publication of the Latin Club, continued its reputation for quality and readability under the editorship of Patsy Williams and Jeannine Council.

A visitor at one of their meetings finds himself enjoying every detail of the lively programs, even those parts in Latin which he, of course, does not understand. The first meeting of the year honored the new members. A dialogue prepared by a Senior member was presented at the next meeting, and the traditional Christmas festivities followed in short order. At this party the entertainment, food, and spirit of the occasion were all that could be desired. One meeting, which proved to be very funny, featured customs and superstitions of the ancient Romans, and every member contributed his share to the program. The Latin Club Quartet, Sally Henry, Billie Anne Eldon, Martha Sue Osburn, Elizabeth Ann Chism, added a certain "touch" every time they appeared. The highlight of the year's activities was the Latin Week celebration, for it was then that the influence of the Latin Club was really felt, even in the grammar schools of Paris.

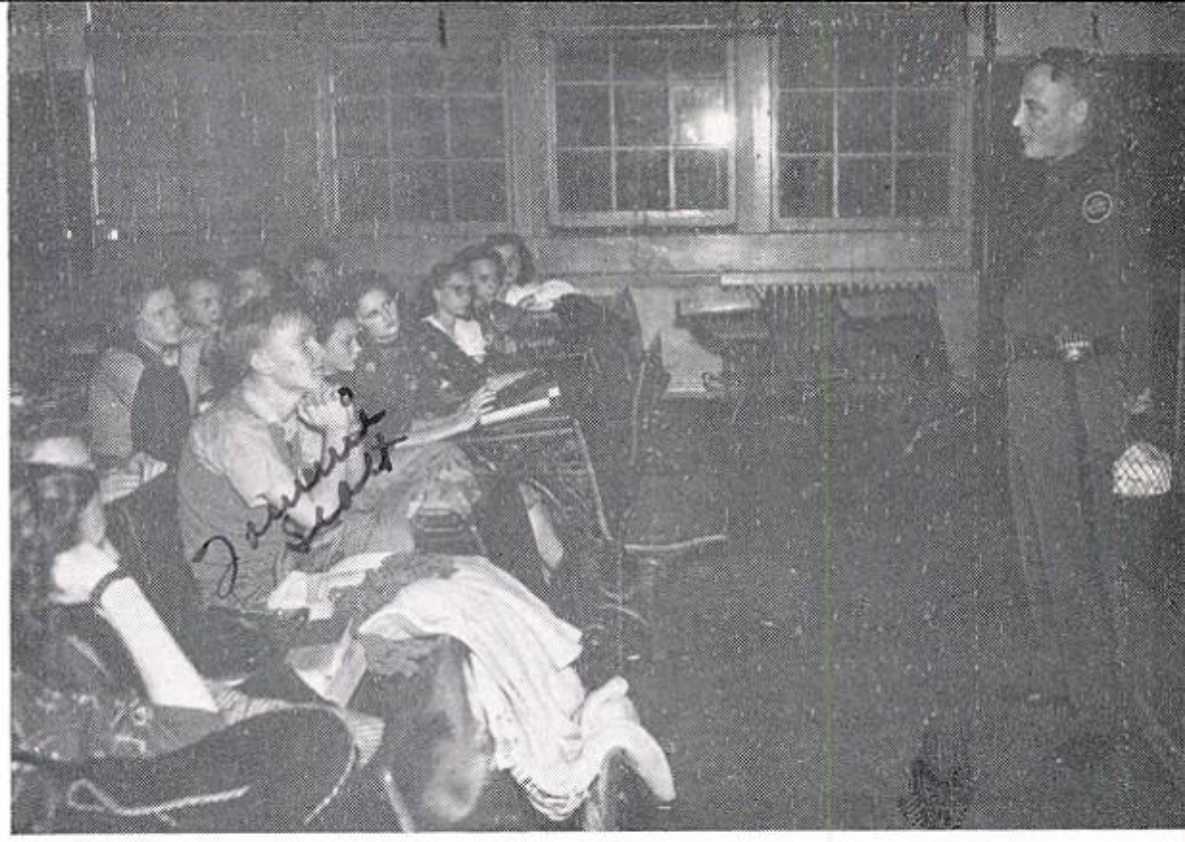
tion about the Mexican people and their habits from Captain G. W. Harrison of the Border Patrol, who talked to them at the first of the year.

The colorful legends and gay music of the country in which they were particularly interested formed good background for the entertaining and varied monthly meetings. It might be added that all their programs were student-planned and usually were carried out by the students themselves.

The high point of the Spanish Club's festivities was the traditional making and breaking of the bright-colored pinatas at Christmas. The social activities of the club were ended in May with their annual picnic.



An outstanding meeting featured Mr. G. W. Harrison, immigration official.

"NO, THERE is nothing dead upstairs; the chemistry students are in the lab again!" In fact there were so many of these chemistry enthusiasts that they organized a club, with Mrs. Stifelman as their sponsor—and they got plenty done, too! In the past the Chemistry Club has been combined with the physics, but this year they were on their own with their more than capable sponsor.

The purpose of the Chemistry Club is to promote interest (not that they are lacking along that line) in the advancement of modern science. Meetings were held at the crack of dawn (8:15) on the first Monday of each month. Programs for the year were based on Silicon, One Year in the Atomic Age, and Current Chemical Discoveries. Members were shown a movie on the preparation of chemical substances, and plans were made for trips to the water works, a sewage disposal plant, and a bottling works, in addition to their social activities.

"FOR DOCTORS only" ought to be the motto of the Delta Ro Sigma, for its membership is limited to those who intend to become doctors. This club is in its second year and has gained impetus since its organization late last year. Its aim is to present the whole aspect of a doctor's responsibilities, as well as the rewards of the profession, so that the members may be certain they have chosen a career which they can pursue in earnest.

The program for the year included topics which would be of interest to any layman, and the members found them particularly good. Two of their outstanding meetings featured studies of polio and the effects of alcohol on the body, and one meeting was devoted to oral reports from the members. A picture show, "It's the Brain That Counts," was shown at the January meeting.

Being a social group, they invited guests and entertained with a dance in the spring.

THE TRI-HI-Y, sister organization of the Hi-Y, is an activity that no girl wants to miss. The club's schedule of entertainments included guest speakers from various churches and musical programs under the direction of their capable sponsors.

At the barn dance which they sponsored, the Tri-Hi-Y girls presented a floor show which was probably the most novel Paris High has seen.

Their social activities were highlighted by a Christmas banquet and a spring formal.

RAYFORD WALKER

Tri-Hi-Y Hero

AFTER BEING elected by secret ballot, Rayford Walker was presented as Tri-Hi-Y Hero at the Christmas banquet. He blushingly received an identification bracelet from President Beverly Stalls, bearing his name and "Tri-Hi-Y Hero '46."

Maybe it was the stand-out playing that Rayford did as center on both the football and basketball teams that swung the vote in his favor, but, and this is most likely, maybe it was just Rayford—his dark good looks and his charm.

EACH TUESDAY night the Hi-Y is to be found assembled in Room 3. Under the able direction of their sponsors and president the boys belonging to the Hi-Y enjoy the interesting programs brought to them by their well-chosen guest speakers. Not all of their meetings are educational, however. All participate in such amusements as wrestling, boxing matches, picture shows, sing-songs, and programs presented by the members.

The initiative of the Hi-Y members has resulted in a profitable year. This year's social calendar listed an initiation dance on October 5 held at the gym, a Christmas dinner-dance at the Paris Golf Club on December 27, two one-act plays presented on January 31, and the annual spring banquet in May.

The Hi-Y was established to guide the footsteps of those who are to be leaders of tomorrow and to aid them in the solving of their problems.

Hi-Y Sweetheart

THE TOP secret of the Hi-Y year was exposed when Pondus McLemore presented Sweetheart Beverly Stalls to the members and their guests at the Christmas banquet. She was given an engraved, fan-shaped compact.

Much of Beverly's attraction may be attributed to her stunning clothes and her inimitable way of wearing them, her gracious smile, and beautiful blond hair. These are only a few of the many reasons for Beverly's being the perfect choice for Hi-Y Sweetheart.

Masters Of Gray Matter

PARIS HIGH employs this method of electing the highest fifteen per cent of the Senior class to membership: the first five per cent are initiated during their Junior year, and the remainder are included after mid-term of their Senior year. Scholarship is not all, however; members are selected also on a basis of their character, leadership, and service.

The National Honor Society this year sponsored an hilarious Stunt Night, with prizes and fun. For future reference the club compiled a book listing every member of the National Honor Society since its inception in 1932 through this year, with room for additions.

Retracing Their Steps

A NEW wrinkle in Paris High — the vets. These ten boys added much to classroom discussion with their tales, sometimes amusing, sometimes hair-raising, of their experiences while in the service. However, their contributions were no greater than their gains; they seemed to have become more interested in acquiring high school training, and for that reason they learned much.

The Veterans Club was organized simply because its members had so many things in common. They had been places and seen things about which the rest of us had only heard. Their organization gave them a logical excuse to meet occasionally just because they wanted to.

They Fancy French

"CHERCHEZ LA FEMME," which is French for "look for the woman," is just about the only thing one can say when walking into this club meeting. Only eight girls comprise the membership, but they manage to make up for their size by having a grand time.

The first social of the year was a wiener roast and dance held in October at the Gordon Country Club. Besides a traditional Christmas party, the club gave an informal dinner in the spring. Not forgetting their team, "les femmes" sold chrysanthemums to promote school spirit for the Sherman football game. To give other students an idea about the life of Frenchmen and their country, the club showed a French moving picture which aroused much interest in the customs, language, and people of France.

Their sponsor, Mr. D. B. Shelton, who has backed them all the way, is making plans to take the boys on an extensive summer tour. The money is in the bag; all they are waiting for is summer.

Like all boys, they like to eat; consequently, each year they entertain their fathers with a Father and Son Banquet. This helps the fathers to become better acquainted with what their boys are doing and promotes more interest in their sons' work.

The club was organized for the purpose of teaching and preparing the boys to be better farmers of America.

THE DRAMA WORKSHOP draws into its membership most of those P.H.S. students who are interested in dramatics, both its technicalities and its actual stage performances. The only qualification required for membership is a genuine interest in dramatics. Who knows? Paris High may produce a future Broadway or Hollywood star.

The first occasion on which the talents of the Drama Workshop members were displayed was the talent review presented in November. The student body then discovered that there is ability in abundance among them. Later in the year the Drama Workshop was responsible for an assembly program which further established this fact.

We wonder if the "inspired" members talked dramatics even at the wiener roast, the Christmas party, and the tea with which they entertained themselves during the year.

CHORUS, ONE of the most popular electives in P.H.S., could also be termed an extra-curricular activity, since so many of its performances are given outside school hours. The enthusiastic members of the chorus responded to any call, and so were applauded by the Lions Club, the Rotary Club, the student body, several churches in town, and a number of schools near Paris. On February 10 they sang excerpts from Humperdinck's opera "Haensel and Gretel" at the regular meeting of the Paris Music Study Club.

LONGFELLOW'S FAMOUS words, "Life is real! Life is earnest!" certainly apply to the Biology Club members. They painstakingly raised the money for special scientific equipment by selling refreshments at the football games and holding rummage sales. A biascope, window box, bulletin board, fluorescent lighting system, model for grafting, many test tubes, and sundry articles for experiments were added this year to their collection.

At the club meetings current science and medical problems were discussed with the aid of movies and truth or consequence games. Also the students gave book reviews on such subjects as "Living in the Atomic Age" and "New Developments in Medicine." In March a lecture was given by Dr. Thielen on the care and structure of the teeth, and in April the Public Health Nurse spoke on human parasites.
Two important social events were their annual fall wiener roast in October and the spring picnic in May. Meetings were held on the second Monday of every month.

An up-and-coming organization in our school is the Future Homemakers of America, which has a membership of 169. This year is the first time that the Home Economics clubs have been affiliated with the national organization, and the club members are striving toward their goal of individual improvement and betterment of home, school, and community.

Club meetings are held in class on the second Wednesday of every month and after school every fourth Tuesday. In addition to these successful and productive meetings, parties were scheduled all through the school year. The Christmas party with a tree on December 13, the Valentine Carnival with a queen on February 7, and the Tea for Mother's Day on May 9 in the dining room were all a huge success. Other activities included a rummage sale and an Easter offering, consisting of an assortment of canned goods, which was sent to the Salvation Army for distribution.

The following lines from the organization's creed are its reason for being:

"We are the Future Homemakers of America.
We face the future with warm courage
And high hope."

Do You Remember - - -

Dear George,

After all these years of going to school together we are finally going to graduate. Aren't you glad? In a way I am. I hate to leave all my friends. I live in Houston now; I'm leaving the day after graduation. I am certainly going to miss you. I wish you the best of everything.

Love,
Diane

Dear George,

I haven't seen half enough of you these last few years, but I couldn't ever forget you. I'm glad you're so interested in golf, and I hope you go places with it. How about coming back to Church? I'm no missionary — I just miss you. Lots of love from

A state inspector, while visiting Paris High, became provoked at the noise students were making in the next room. Angrily he opened the door and grabbed one of the boys who seemed to be doing most of the talking. He dragged him into the next room and stood him in the corner.

A few minutes later Jack Ashmore stuck his head in the room and said, "Please, sir, may we have Mr. Fagg back?"

Dear George,

Well youre years at P. H. S. are almost over and you are now a senior. I want you to know that I think very highly of you. You have a very charming personality and one that is liked by everyone. You have a very "cute" smile that makes me laugh out loud in Chemistry. Honestly I want to wish you all the luck, happiness, and success that can be given to a person who well deserves it. When you go off to college always remember me as your "silly" vidit (sp.).

Love to you,

'Tis Time For Thanks

THIS IS IT, the last page. Throughout this book you have found the '46-'47 record of P.H.S., the result of our labor. I hope that those of you who have skipped the last seventy pages will go back and read them, because there you will find the foundation of the book. The small price that you paid for your *Owl* covered about half the cost of the book, and the remainder came from other sources. The business men and women of Paris are these "other sources," and without their interest and cooperation *The 1947 Owl* would have consisted of a cardboard cover and blank pages. Patronize them!

I would like to thank those students, other than staff members, who assisted in the circulation and advertising campaigns for their enthusiasm and tireless effort. Carolyn Cross, Hassell Grimes, Norma Henry, Dorothy Lewis, Mary Isabel Ludwick, LaVerne Mears, Catherine Palmer, Billy Reddell, Billy Ray Steed, Joe Ed Young, Jeannine Council, Billy Hub Hill, Harriet Killebrew, Joan Lay, Ted McElroy, Earldene Miller, John Charles Ribble, Fred Rives, Don Spann, Bobby Staples, Virginia Walberg, Bill Waterman, Frank Wear, Myra Shelton, Wendell Babb, Gerald Burnsed, Elizabeth Ann Chism, Sally Henry, Lacretia Kincaid, Joe Al Nixon, Martha Sue Osburn, Ann Robinson, Virginia Rosson, Charlotte Smith, Elizabeth Ann Walters, Jess Alford, Jean Cecil, Jack Coleman, Billy Epps, Ammie Alice Galbreath, Ann Harty, Martha Ann Hodges, Lora Lee Holland, Betty Hornbeck, Mary Moore Hubbard, Rodney Rodgers, Nancy Short, Catherine Speairs, and Marilyn Reeder helped with circulation. Rita Chance, Joe Fagan, Dorothy Hudson, Jean Hutchinson, Thomas Carney, Katherine High, Peggy Rodgers, Peggy Short, Bettye Lou White, and Byron Wortham helped with both circulation and advertising.

My thanks also go to the faculty, the administration, and the student body for their cooperation. The success of your yearbook depended upon the interest, promptness, and excellent work in their respective fields of Furey Printing Company, Turner's Studio, Southwestern Engraving Company, and the American Beauty Cover Company.

I speak for the entire staff of '47 when I express our sincere appreciation to Miss Martha Hankins, our sponsor, for her patience, understanding, and ceaseless toil, without which *The 1947 Owl* would have been doomed to failure.

This is your book! We hope you've enjoyed reading and inspecting every page. The thought foremost in our minds for the last year has been to please you, THE STUDENTS. In writing *finis* to this year, let us try to remember and profit by Longfellow's famous words:

"Lives of great men all remind us
We can make our lives sublime.
And, departing, leave behind us
Footprints on the sands of time;"
